PROBLEM STATEMENT

In this document we discuss how to write an ACM article.

METHODS

This document provides LATEX templates for the article. We demonstrate different versions of ACM styles and show various options and commands. We add extensive documentation for these commands and show examples of their use.

RESULTS

We hope the resulting templates and documentation will help the readers to write submissions for ACM journals and proceedings.

SIGNIFICANCE

This document is important for anybody wanting to comply with the requirements of ACM publishing.
